

M/S DIONYSOS

M/S DIONYSOS

Dionysos is a wonderful example of a traditional Bodrum Gulet with all modern comfort and homey look.

She was built in 2007 by the sons of Erol Agan who is known as 'Father of Gulets'.

The yacht is certified by RINA and she can accommodate up to 6 guests in 3 spacious en suite cabins.

Dionysos has only been used as a private vessel and skipped by the owner and his permanent local skipper.

During the years, she was always maintained by her base yard and kept in an excellent condition.

The owner is now willing to hand in her precious one to the new owner due to his age.
